

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Appl. No. : 10/632,987 Confirmation No. 2985
Applicant : Aliev
Filed : August 4, 2003
TC/A.U. : 3747
Examiner : Carl Stuart Miller
Docket No. : 1383.01
Customer No.: 27353

For: Pre- and Post-Ignition Auxiliary Oil Circulation System for an
Internal Combustion Engine

AFFIDAVIT UNDER 37 C.F.R. 1.131

Hon. Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I, Bulent Aliev being duly sworn, depose and state:

1. I am the inventor of claims 1-5 of the above-identified patent application.

2. In late 2000, I conceived the idea of a retro-fittable external fluid circuit, usable for purposes of pre- and post-ignition lubrication, over-pressure protection, and oil drainage.

3. A so-called Pre-Luber Oil Change System brochure was created on January 17, 2001 (copy attached hereto as Exhibit A) describing the benefits of the system and also displaying a photograph of the invention (substantially as illustrated in Fig. 1 of my application).

4. A schematic wiring diagram (copy attached hereto as Exhibit B) of the invention (substantially as illustrated in Fig. 7 of my application) was created on June 28, 2001.

5. Both Exhibit's A and B were created as computer files. The properties reflecting the date of creation of these files are attached as Exhibit C.

6. Soon after June, 2001, I built the first prototypes of my invention. I thus reduced my invention to practice well prior to 2002.

7. In September 2002, I sold three systems to various persons to use with their pleasure boats.

7. I orally disclosed my invention to patent attorney, Melvin K. Silverman, in a meeting on May 14, 2003, who then undertook a search of the prior art.

8. After receiving a patentability opinion from Mr. Silverman, I authorized him to prepare a patent application.

9. Mr. Silverman forwarded to me of a draft of the patent application with his letter of July 15, 2003.

10. I returned to Mr. Silverman's office to execute the application for filing which was completed shortly prior to August 4, 2003.
